

LOW PROFILE PUMPS

Innovative

Plenum Rated

CP-22LP Pumps

- 22' Lift
- Contractor Friendly Features
- Low Profile

The new CP-22LP comes packed with all the same great features found in the CP-22, but now in a low profile package. This pump is only 4-3/8" tall so it's a good fit for those instances where space is at a premium. The shorter reservoir holds 1/3 gallon. Suitable for use with condensate up to 160 degree F. UL Listed File Numbers E253155 and E258186.

CP-22LP-P Pumps

- 22' Lift
- Contractor Friendly Features
- Plenum Rated Low Profile

This product is designed for use in plenum spaces, and can automatically pump condensate produced by HVAC/R equipment up to 22 ft. vertically once the level of condensate in the tank reaches a specied level. comes with innovative features such as: vibration dampening feet and motor mounts, metal mounting tabs, four inlet holes (and 3 poly covers for the unused), LED indicators, integrated float switch and duckbill-style check valve, and detailed installation instructions. Pump comes with alarm safety switch.

MINI-SPLIT PUMPS

ClearVue™ Mini Ductless System Pump

- Floatless Sensors
- Variable Speed & Lift
- Super Quiet Operation
- LED Indication Lights
- Built-In Overflow Switch

Featuring super quiet operation, 35 foot lift, and floatless sensor technology, this compact variable speed pump is specifically designed for ductless systems.

CP-M Series Mini Pumps

- Compact Tank
- 24' Lift
- Built-In Overflow Switch

DiversiTech's CP-M Mini-Split Condensate Pump is a quiet, super compact, and feature rich pump that fits almost anywhere. Compatible with all brands of mini-split units. Provides 24' of lift with 6' suction lift. Pump fits easily in most line set covers and includes all needed accessories. Available in 115V and 230V versions.

Our Focus

Fully designed and manufactured in-house, each **go-2™** pump goes through state-of-the-art testing to ensure it performs to the highest quality standards and highest capabilities possible. You've come to trust our reputation for quality. Now your customers can trust you with these **go-2™** condensate pumps from DiversiTech.

About DiversiTech

Founded in 1971, DiversiTech® Corporation is North America's largest manufacturer of equipment pads and a leading manufacturer and supplier of components and related products for the heating, ventilating, air conditioning, and refrigeration (HVAC/R) industry. Headquartered in the Atlanta, Ga., metropolitan area, DiversiTech's mission for its wholesaler partners is to simplify their work.

CP-M230	Mini-Split Condensate Pump, 230V

CONDENSATE PUMPS

Welcome to your **go-2™** line of condensate pumps. As the leading supplier of HVAC parts and accessories, our condensate pumps are designed and built specifically for one purpose only: Serving HVAC contractors and HVAC applications.

Our expanded line of **go-2™** condensate pumps are derived from the proven CP-22 pump. With more than 2 million CP-22s manufactured to-date, contractors have come to trust this product for its simple installation, cost-effectiveness and its high durability. Now, you can trust the **go-2™** line for the same successful applications every time.

Here's our growing line of pumps:

Tank Pumps	
CP-22 Pump	The industry standard for standard applications
CP-16 Pump	Where cost economy is the most important factor
ClearVue™ Pump	Most advanced yet economical pump for discerning customers
Furnace Pump	Hot water applications up to 190°F
Boiler Pump	A true boiler rated pump for hot water up to 212°F
CP-22LP Pump	Innovative low profile pump
CP-22LP-P Pump	Plenum Rated low profile pump
Mini Pumps	
ClearVue™ Mini	Advanced like ClearVue, sized for ductless systems
CP-M Mini Pump	Small and linear for tightest of applications space

Proven Durability

CP-22 Pumps

- 22' Lift
- Contractor Friendly Features

Suitable for use with HVAC/R equipment which produce condensate. 22' of lift compared to the typical 20'. Features include vibration dampening feet and motor mounts, metal hang tabs, four inlet holes, a clear indicator display, a float switch and check valve. Integrating the CP-22 into your system is easy. 1/4" quick connect terminals provide easy connection to the built in overflow switch. 2 terminals are provided allowing flexibility to connect air handler shut down. UL Listed File Numbers E253155 and E258186.

CP-22	Condensate Pump – 120V
CP-22T	Condensate Pump – 120V w/20' 3/8" Tube
CP-22-230	Condensate Pump – 230V
CP-22-230T	Condensate Pump – 230V w/20' 3/8" Tube

Durability with Economy

CP-16 Pumps

- 16' Lift
- Most Economical

The DiversiTech CP-16 condensate pump is an economical alternative that's based off of the proven CP-22 design. More compact than the CP-22, it's designed to lift to a maximum of 16 feet. The CP-16 shares many of the great features of the CP-22, including hang tabs, four inlet holes, float switch, overflow switch, and a check valve. UL Listed File Numbers E253155 and E258186.

CP-16	Condensate Pump 16' Lift 120V
CP-16-230	Condensate Pump 16' Lift 230V

ClearVue Advanced Features

ClearVue™ Pumps

- 22' Lift
- Variable Speed & Lift
- Quiet
- Self Cleaning

No Float, No Problems! ClearVue's Variable Speed and Lift and Floatless Sensor™ make this the most advanced condensate pump ever. The pump selects the lowest effective speed, making it quieter than a regular pump. Its unique self cleaning feature senses problems and automatically enters a self cleaning mode using condensate water to fix the issue. The ClearVue™ pump features a clear bottom tank to easily check the water level. Other features include: stainless steel mounting tabs, silicone rubber feet, reversible deck, four inlet holes, and LED indicator lights. ETL Listed File Number 3190890.

IQP-120	ClearVue™ Pump – 120V – 0-22' Lift
IQP-120T	ClearVue™ Pump w/Tube – 120V – 0-22' Lift
IQP-230	ClearVue™ Pump – 230V – 0-22' Lift
IQP-230T	ClearVue™ Pump w/Tube – 230V – 0-22' Lift

True Furnace Pump

Furnace Pumps

- 22' Lift
- True Furnace Pump design Up to 190°F Condensate
- Steam Resistant Electronics

The FP-22 Furnace Pump is a full featured condensate pump designed for condensing furnaces and other hot water applications. It handles hot condensate water up to 190 degrees F. Other features include 22' lift, built-in P traps, steam resistant electronics, and a super tough tank. Available in 120 and 230V models.

FP-22	Furnace Pump 120V 22' Lift 190°F Condensate
FP-22-230	Furnace Pump 230V 22' Lift 190°F Condensate

High Temp & Lift

Boiler Pumps

- 46' Lift
- True Boiler Pump Design Up To 212°F Condensate

The BP-46 Boiler Pump is a heavy duty full-featured condensate pump for hot water, high flow, or high lift applications up to 212 degrees F. It features a 46' lift, oil resistant tank and impeller, two inlet holes and 1/4 turn check valve. Additional features include high impact construction, large tank and available in 120 and 230V models.

BP-46	High Temperature Boiler Pump 115V, 46' Lift 211°F Condensate
BP-46-230	High Temperature Boiler Pump 230V, 46' Lift 211°F Condensate
