To Our Valued Customers:

Sani C-N-D has been added to the **EPA Registry List N: Disinfectants for Use Against SARS-CoV-2** as an EPA registered disinfectant with human coronavirus claims for use against SARS-CoV-2.

While disinfectant products on this list have not been tested specifically against SARS-CoV-2, the cause of COVID-19, they are expected to be effective against SARS-CoV-2 because they have been tested and proven effective on another human coronavirus like SARS-CoV-2.

Coronavirus Disease 2019 (COVID-19) is caused by the virus SARS-CoV-2. **Sani C-N-D**, EPA Reg. No. **10324-85-69966**, kills similar viruses and therefore can be used against SARS-CoV-2 when used in accordance with the directions for use on hard, non-porous surfaces. For more information, see <https://www.epa.gov/pesticide-registration/list-n-disinfectants-use-against-sars-cov-2>. For a complete list of organisms controlled, please see page 2 below.
